

# Environmental Policy

AWS Recycling is BS EN ISO 14001:2015 accredited.

AWS Recycling Ltd (the 'organisation') recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all environmental regulations, legislation and approved codes of practice relating to the waste management and recycling industry and the organisation's overall business activities.

AWS Recycling Ltd is committed to being an industry leader in minimising the impact of its activities, products and services on the environment.

This policy is also supported by the companies Environmental Sustainability Policy and also Carbon Reduction Policy.

It is the organisation's objective to operate with, and to maintain good relations with all regulatory bodies.

It is the organisation's declared policy to carry out all measures reasonably practicable to facilitate the ability to continually improve environmental performance. We will:

- 1. Assess and regularly re-assess the environmental effects of the Organisation's equipment and operations.**
- 2. Adhere to all relevant regulations concerning waste and environmental well-being.**
- 3. Ensure that all sub-contractor operations are in-line with this policy, and that they are aware of their respective responsibilities in the environment.**
- 4. Train all employees in environmental issues.**
- 5. Minimise the production of waste.**
- 6. Minimise material wastage and actively promote the use of recyclable and renewable materials.**
- 7. Follow and promote the waste hierarchy to ensure maximum practical benefits from activities, products and services to generate the minimum amount of waste for disposal.**
- 8. Minimise waste energy.**
- 9. Reduce and/or limit the production of pollutants to waters, land and air. All waste is disposed of under controlled conditions when recycling and/or re-using the materials is not an option.**
- 10. Control noise emissions from operations.**
- 11. Minimise risk to the general public and employees from Organisation operations and activities.**

The policy is communicated to all employees, suppliers and subcontractors and is made available to the public.

All personnel understand their obligations under this policy statement, and abide with the principals and contents of the Environmental Management System Manual.

The organisation constantly monitors and reviews its environmental performance and this Environmental Policy Statement or order to ensure its continuing suitability, and will implement improvements whenever appropriate.

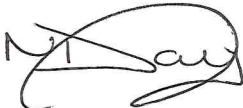

The Director and Management Team are responsible and committed to the protection of the environment relevant to the context of the organisation.
